Frequently Asked Questions

1. Is this door certified to UL 10C for fire resistance?+

Yes, the ZK model is tested and certified to UL 10C for 90-minute fire resistance (1.5 hours). Certification documentation including test report and listing is available upon request for project submittals.

2. Can the finish be customized to match specific RAL colors?+

Yes, the powder coat finish is available in any RAL color. Standard options include anthracite gray (RAL 7016), black (RAL 9005), and white (RAL 9010). Custom colors require a 500-piece minimum order and add 7-10 days to lead time.

3. What anti-theft JuSen Doorslude?+

Construction uses 1.2mm cold rolled steel profiles with continuous welded seams, anti-pry hinge reinforcements, and a 3-point locking system with hardened steel latch bolts. The door frame includes a 20mm deep strike plate for bolt engagement.

4. Is this door suitable for outdoor garden installations?+

Yes, the powder coated finish with ASTM B117 salt spray resistance (tested 500 hours) makes it suitable for exterior garden applications. Drainage slots at the bottom prevent water accumulation. A weatherstrip is included for draft and moisture sealing.

5. What is the typical lead time and shipping method?+

Standard lead time is 20-30 days after order confirmation. Shipping is via 20ft or 40ft container FOB Shanghai. Smaller orders may be shipped via LCL consolidation. Each door is individually packed on a plywood pallet to prevent damage during transit. Get A Quote Contact us for customized quotation, volume pricing, and project specifications. Response within 24 hours.

Specifications

SKU	1601610145788
Category	Steel Security Doors
Design Style	modern
Surface Finish	finished
Application	exterior
Position	Commercial, Garden
